HALIBURTON COUNTY'S OWN NEWSPAPER

VOL. 5. NO. 43 HALIBURTON, ONTARIO THURSDAY OCTOBER 13th, 1949 $2.00 Yr. in advance; 5c per copy

HALIBURTON COUNTY HIGH SCHOOL BOARD TO INPECT OTHER SCHOOLS IN DISTRICT

Definite plans were made by the High School Board to visit the new High School at Bancroft, on October the 26th and the new schools at Stouffville and Markham and one at Guelph on the 2nd of November. The Board cognizant of the need for some immediate solution to the congestion in the schools decided at the special meeting that such an inspection might prove valuable if any new construction in this regard was contemplated. Chairman Vince Fountain is anxious that all members of the Board take part in this excursion. Inspector Booth, who was preesnt at the meeting strongly urged the members in this move, as he felt that much first hand knowledge could be gained from viewing these fine new schools, particularly if any plans were afoot in Haliburton County to erect a High School Mr. A. Stouffer, Public School Inspector who also attended the meeting, was cordially invited to accompany the members on the trip. Mr. Stouffer's aid in any such matters has proved invaluable in the past and the Chairman expressed his desire that he be included.

The resignation of Ken Currie of Minden read at the meeting, came as a complete surprise to the members of the Board. It is generally felt by the Board that much could be gained by the formation of a County Board of Education but nothing definite had ever been discussed. Mr. Currie, based his resignation from the Board on the fact that the Couny Council were not in favor of forming a County Board of Education, and that he was of the opinion that this was the most economical and efficient method of dealing with the cducial problems facing the present High School Board. The resignation was accepted and a copy of same forwardede to the County Council, who will have to reappoint a member at its Novembeh session. Strangely enough, no comment was made concerning Mr. Currie's resignation by the other members.

The earlier part of the evening was spent in discussing the High Schools, teachers and schools proper by the new Inspector, Mr. Booth of Toronto, who s replacing Mr. W. Jennings, who has had this Inspectorate for some tme. Mr. Booth in his report which was of a confidential nature, made some important recommendations to the Board. These matters were attended to during the course of the regular meeting which followed his departure.

On motion by Cecil Irwin, seconded by Vic Shaver, a resolution was unanimously passed that the Sec. Tom Brignall, write the Dysart Public School Board re the safety and sanitary recommendations made by the Inspector. Also the inadequate lightng throughout the school.

The matter of transportation of pupils at the Foresry School was fully discussed. It appears that as these pupils are living on Crown Lands, the parents are exempt from School Taxes, and the matter of school bus transportation remuneraion had to be considered. On motion of R.J. Curry, seconded by Cecil Irwin it was resoved that the Board will continue to transport these pupils at the Forestry School without prejudice to Dorset and that an application be made to the Department of Lands & Forests for a grant for these pupils.

Another special meeting will be called when the Board returns from visiting the new schools, at which time it should be in a better position to discuss the erection of a new High School somewhere in the County, or perhaps two schools.

Induction Service Held For United Church Minister

A very impressive service was held in the Haliburton United Church on Wednesday last when the Rev. Thomas Rutherford was inducted to his new charge. The Service was well attended by congregational members of Haliburton Ingoldsby, and Lochlin.

The Service opened with the Scripture Reading by the Rev M. Rowland of Cambray, United Church. The Rev. S. Littlewood of Bobcaygeon, Chairman of the Presbytery expressed his pleasure in being present at the Induction of the new minister. Greetings were extended by Mr. Littlewood to Mr. Rutherford on behalf of the Presbytery.

A very inspiring sermon was preached by the Rev. M. Rowland followed by the Induction Service by Mr. Littlewood. Tom Chambers Elder of the Haliburton Church Presented the new minister. Mr. Rutherford. The Rev. K. Jull of the Minden United Church also welcomed the new minister and his family to Haliburton.

The service was closed with the Benediction by our new minister, Mr. Rutherford.

At the close of the meeting, a social gathering was held and a delicious lunch served by members of the I.D.K Club and the W.A.

S.S.#4 Seek Transportation By Bus For School Pupils

The correction of the sewage system at the High School came up for discussion by the members of the Dysart School Area Board at its meeting on Tuesday evening. Chairman Harold Black, explained the situation to the other members who on hearing this report readily conceded that it was imperative that immediate action be taken to clear up the unsanitary condition now existing at the High School.

A very pleasing report was given by Mr. Black from Mr. Lynch at the Harcourt School. Mr. Black stated that the teacher and students as well as parents in the Harcourt School district were highly satisfied with the renovations made at that School this summer. The teacher and pupils are finding the School now, "Cheerful and Comfortable," stated the Chairman.

A delegation from S.S No. 4 Dysart, with Wilf. Smith as spokesman, expressed the urgent need of suitable bus transportation for the little children walking three and a half miles to the School, particularly in the winter, when the roads are not open, adequately for automobile traffic. The Board were most sympathetic and measures to obtain a conveyance on these roads from the Department of Education will be made immediately.

Plans to rent the Arena during school hours for public school skating were made This hour's skating last year was very popular and the Board felt it provided a splendid supervised receation for the pupils.

Plans for the Field Day held in West Guilford brought the meeting to a conclusion.

SEWAGE DISPOSAL SYSTEM AT HIGH SCHOOL TO BE MODERNIZED IMMEDIATELY

A special meeting of the Dysart School Board was held on Thursday last. The meeting took the form of an inspection and discussion regarding the sewage disposal system at the Haliburton High School.

As previously pointed out the present sewage plant is inadequate in that the septic tank is not large enough for the additional pupils attending the school this year. Also the system is lacking in a cess pool or weeping tile system for disposal of the effluent from the septic tank. The Board were assisted in their discussions with two of the local plumbers W.J. Whitfield and Ben Walling

It was pointed out by Chairman Harold Black of the board that it was doubtful if the septic tank was sufficiently large for the present number of pupils using the toilets, which was agreed upon by the plumbers. All members of the board agreed that there should be installed at once either a cess-pool of weeping tile, in order to prevent the escape of this sewage into the waters of Head Lake.

Inspection of the grounds revealed that approximately 1000 feet of tile could be laid in suitable soil to the north and east of the school building. In order to get the effluent to the level of the ground for it to be dispersed in the weeping tile, a "sump-pump" would have to be installed at the sepic tank. This was deemed conceivable and it was decided that the work be started immediately. Also it was decided that a third tank be added to he present septic tank in order to give greater volume.

Mr. Whitfield and Mr. Walling both agreed that some change be made with regard to the waste water from sinks etc., as it was felt that the entrance of any chemicals ino the septic tank will impede or destroy the effective action of the bacteria, which are necessary for the successful operation of a septic tank. It was unanimously decided that such watery discharge be taken out of the toilet system and a special set of weeping tile be installed to take care of this.

Tenders are to be called for the prices on this work for immediate construction.

"HAM" OPERATOR CONTACTS NEIGHBOR'S RELATIVES IN THE NETHERLANDS

A rather interesting incident occurred last week when Vince Fountain of Minden, an ardent 'ham' radio operator picked up another 'ham' in the Netherlands.

The reception was wonderfully clear and strange to relate , this operator lived a few miles from the home of Mrs. "Bunt" Rogers of Minden. Mrs. Rogers was called to the receiving set and in no time at all a connection was made again. The operator in Holland moreover knew Mrs. Rogers' parents and after considerable talk, Mrs. Rogers' parents were notified that they could converse with their daugher! You can well imagine what a tremendous thrill this was for all concerned. Mrs. Rogers of Minden was so delighted and grateful, to hear her father and mother's voices once again.

Plans are being made to contact this Dutch operator and another enjoyable chat will transpife for this family separated by an Ocean.

Mr. Fountain has one of the finest amateur receiving and broadcasting sets in Ontario. Nightly he converses with other operaors all over the world. He has tales of other connections with far distant operators with the same heartening sequel as the one of Mrs Rogers.

Many Visitors Enjoy Thanksgiving Week End

Thanksgiving week end proved to be a very busy one in the County of Haliburton, when cottagers and visitors made their last visit to the Highlands before the cold weather sets in. Lodges report an exceptionally good booking for the week-end and the Provincial Police report that traffic was very heavy on Highway 35 from Saturday until Monday.

Although there were no serious accidents over the week end, the Highway Patrol reports that there are a great many careless drivers operating vehicles on our roads. Such infringements as driving on the wrong side of the road up hills and around curves is a practice which must stop and the officers caution that no further warning will be given to operators of cars and trucks driving vehicles in this careless manner.

OVERDONE

Field Marshall Viscount Alexander was in Hollywood recently, and while there, visited a film studio. He was in uniform. So were some of the actors waiting to go on the set.

Lord Alexander was talking to them when an assistant producer came along and looked at his ribbons, and remarked doubtfully: "Say, buddy, I think the wardrobe department may have overdone it."

Before the actors could put the film man right, Lord Alexander replied:

"Maybe they did — maybe they did."

—::—

The organ was developed from reed-pipes, and works on the same principle as those wind instruments

DONALD & KOSHLONG LAKE

The weather was beautiful for the Thanksgiving week end and many summer residents spent the week end at their homes on Koshlong Lake .

Mr and Mrs J. Young, Welland; Mr and Mrs James Harrison Sr.; Mr and Mrs Scott Malcolm; Mr and Mrs Wm. Scott; Mr and Mrs Willis Tait and family; Mr and Mrs Dwight Wilson and family; Mr and Mrs C. Foster and son Jim and Mrs J. Tye; Mr Wm. Fleming and party Messrs. Robert Moore, Pickett, Kinch and J. Fleming; Mr and Mrs Geo Warren; Mr and Mrs D. J. Halls and family, all of Toronto; Mr M. A. Seymour K.C. and Mrs Seymour of St. Catharines, who have purchased the Jack McDiarmid's cottage on Koshlong and spent the week end there with a party of friends.

Mr and Mrs P. M. Draper; Mr and Mrs. B. Leighton and Mr Don Campbell; Mr Richard Sutton all of Toronto spent the week end at the Draper cottage.

Mr and Mrs B. Leighton of Toronto have completed their summer cottage and will occupy it in the Spring.

Mr and Mrs J. Young entertained at The Haven in Donald by showing slides of their trip to South Africa and Mr J. E. Emmerson's beautiful garden.

Mr and Mrs Cecil Robinson celebrated their fifth wedding anniversary on Tuesday, a family affair with Mr and Mrs J. E. Emmerson as guests.

Mrs S. Pasquino visited her daughter Mrs Duncan Cameron in Norland. We are sorry to learn Mrs. Cameron's young son Barry is still confined to bed.

Beauty of Countryside Pleases Holidayers

Many cottage owners and tourists availed themselves of the fine weather over Thanksgiving week end and made a trip to the Highlands to enjoy the brilliant fall colorings of the woodlands. We have reports from the lodges that among their guests were several outstanding artists registered, who portrayed on canvas the beauty of Haliburton at this time of the year.

ROBERT BISHOP AGAIN NAMED PRESIDENT OF HALIBURTON COUNTY TOURIST ASSN.

Robert Bishop of Haliburton was unanimously elected as president of the Haliburton County Tourist Association for the forthcoming year. Executive members felt that Mr. Bishop had done a splendid job in that capacity last year and to a man there seemed no hesitation that he be returned to office.

Ron Curry of Haliburton was elected Vice-President and Mr. I. E. Emmerson of Donald as Second Vice-President. The office of Sect. Treas. was filled by Jack Hill of Ingoldsby with Harold Black as his assistant. The Board of Directors, felt that wiht the increase in the Tourist Association membership there would certainly be an increase in the Secretarial duties. hence the election of a new office.

The Executive have a good many plans formulated for the year and have decided that there will be an increase in the number of executive meetings. The first Thursday in each month was designated for this meeting. Members will be notified each month by the Secretary.

A change in the status of the Press was also instituted that evening. The former job held exclusively by the late Roy Hanna will be divided with one representative from each newspaper in the County Each representative is an honourary member of the executive and may exercise all such privileges as an elected member other than having a vote. Each representative after the 15th of Nov 1949 will be paid 10 per cent on any new memberships he may sell.

The president urged the Tourist operators in particular to bear in mind the necessity of Haliburton County retaining the clientele it has always enjoyed in past years.

He also expressed the hope that this year the Association would see a real increase in memberships from the local merchants as well as other business and professional men in the County.

SAFETY CAMPAIGN IN FULL SWING

In a special effort to cut down traffic accidents, local Safety Campaigns are now under way in 35 Ontario cities and towns as part of the Province wide Campaign now being conducted by the Kiwanis Safety Council.

In Metropolitan Toronto, the seven Kiwanis Clubs have combined to promote their own care and courtesy Campaign directed under the aegis of the Ontario Committee

Having as its aim the reduction of Toronto's mounting accident toll the Campaign will continue untill December 31st, when the winners of the three new cars and other prizes will be declared.

Safety. like virtue. is its own reward, and although the prize incentive is of paramount importance, it is felt that in order to further safety education, the person who purchases and displays a Care and Courtesy Emblem should resolve to drive with these ideals in mind. For, only in this way, can they qualify through observation of their acts for the prizes.

EDITORIALS

"YOU SHOULD BE FIGHTING MAD!"

(Courtesy of Woodland World from speech by Dr. John Bates, Chairman Canadian Forestry Assoc.)

* * *

"Sad to relate, our forests are in worse — far worse — condition than 50 years ago. Figures on a nation-wide basis don't exist to prove it, but fellow citizens close to the trees say so. Some species, like the white and red pine, are almost entirely wiped out. Other valuable species of regrowth too often are being cut down in their youth. The forest has been called Canada's forgotten resource, because the unused area of timber in the distant back country have discouraged the spending of money on cut-over woodlands near mills and towns.

How can we bring back our accessible forests to their former richness? The only answer is forest management.

In the first place forest management means the practice of silviculture — much the same as agriculture. Instead of letting our forests grow wild we must help nature to produce more and better trees where and when we want them.

Forest management also means adequate protection. You should be "fighting mad" that fire, insects and disease each year destroy more wood than our great pulp and paper industry uses. Really good forests stay healthy and are fire resistant.

Forest management, in brief, aims to gain the full benefits from land areas not suitable for farming.

Over 10% of the annual value of all forest products finds its way into public funds for expenditure in other directions. So little money is ploughed back into the forest that it is a marvel how nature still leaves us the chance to perpetuate this vital resource. The fortunate fact is that reasonable reinvestment will mean more profit than if we don't bother.

We in the Canadian Foretry Assn. are not a group of forest experts, but a body of interested citizens trying our best to inform the pubic about the forest situation. We have prepared a summary called 'The Case for Forestry in Canada.' We think that the time has come for a Canadian Forestry Congress to bring together the Federal Government, Provincial Governments, the forest industries and the public for discussion of this national problem. But we don't want a congress without decision and action.

FIELD DAYS TEACH VALUABLE LESSON

The past week was a very important one for the young people of Haliburton County. On Wednesday last the first Haliburton County High School Track Meet was held in the Fair Grounds in Minden. A splendid entry list was carded from the three schools in the County, namely Kinmount, Minden and Haliburton. Following this important event for the older children on Friday last the Dysart School Area Board held its annual Public School Track Meet at the new school at West Guilford. Aspiring young athletes from all parts of the Dysart Area strenuously participated in the splendid programme, and in spite of the overcast and rainy day the meet was a great success.

In the high school meet, a programme was drawn by the committee which gave both boys and girls of all ages an opportunity of dispaying their prowess in the various events. Sprint and middle distance running races, high jump, broad jump and pole vault and ball throwing were run off for the three age groupings of junior, intermediate and senior. In addition boys and girls open relay races creater a great deal of interest.

At West Guilford in the Public School Meet the youngsters entered enthusiastically into the various events. As in the case of the High School meet, in order to give every one a fair opportunity, the events were grouped into three age classes of junior, intermediate and senior, with foot races and jumping events.

The enthusiasm and spirrt which was displayed in these Meets cannot be praised too highly, both as seen by the particpants and also by the spectator group from each of the various schools. Fine sportsmanship was shown by all the participants and the winners are to be congratulated on their splendid showing, also remaining entrants are to be commended on their splendid effort in giving all they had, but were not quite good enough to come out on top.

Sporting events such as these Meets teach the studens a lesson which will be of great value to them for their entire lives. They learn that to be the winner they must have training, perseverance and the will to give their best.

The committee in charge of these Meets are to be congratulated for their efforts and it is to be hoped that we will continue to have on our teaching staffs and Educational Boards, men and women who are willing to give so freely of their time and efforts in order that these Athletic Meets may continue to be held annually.

TELEPHONE EXTENSION SHOULD BE DEFINITE

Another summer season has passed, and with its passing, it would seem that a possible period of construction on the proposed Wilberforce, Essonville and Tory Hill extension of the Dysart Municipal Teephone system has been lost. We are at a loss to explain this apparent delay in construction of this all important line of communication to the eastern portions of Haliburton County.

There is no questioning the need of such a telephone line, as its development would be a great boon to all business people and residents in those areas. The last nformation we had on this proposed line was that the Dysart Commission was prepared to proceed with the construction and installation of the equipment as soon as a $20,000 debenture could be raised by the Municipality of Monmouth. This money could be raised in several ways, either a debenture raised solely by the Municipality, or by the sale of subscriptions to 50 subscribers at a rate of $400.00 per subscriber.

We have even heard rumors that because of some disagreement of the residents of Monmouth with the Dyasrt Commission, that there have been suggestions that the line may be run to the east into Bancroft. This would be regrettable both for the intended users of such a telephone communication, and also for the Dysart Commission and the County as a whole. In the former instances, construction of a line into Bancroft would be increasing the distance for the majority of its users, and also it would mean that because of service to the east an increasing amount of business would move in that direction. Such would be regrettable as it is a sound practice to retain as much business within the County as possible.

It is to be hoped that the winter season, although not suitable for economic construction, will seem fit for fiscussions between the Monmouth Council and subscribers and the Dysart Commission, and that before Spring arrives an acceptable solution to all parties concerned will be settled. It is anticipated that before another summer passes this all important extension will have been completed and in use.

CONTROL OF PROPERTY BY LUMGERING INTERESTS

In last week's edtion we took the opportunity of airing our views of assessment with regard to the speculator who is holding lake shore lots for increased demand and likewise increased profit. This week we ask your interest with regard to our views pertaining to the other group of persons and companies who control miles of lakeshore property with almost negligible assessment in comparison with its real value. We refer, as you may have guessed, to the lumbering interests in the Municipality of Dysart.

We learn on very good authority that these lumbering interests are anything but happy regarding this series of editorials on lakeshore assessment. We readly sense their opposition to such suggestions as ours. Such a change in our suggested assessment of these properties would enormously increase their taxation, and as some lumbermen have intimated, this increased cost might well threaten profitable business. We have no desire to so threaten our greatest source of employment in the Municipality. However, on the other hand, can the Municipality afford to carry these valuable lands at the present low rate of assessment? To our mind, the answer is an emphatic NO.

On the face of it the sittuation would eem like a "stalemate", either the lumbering industry is threatened wth failure on the one hand; or the Muncipality deprived of a just and obvious source of tax monies.

Such is by no means the case. Would it not be reasonable for our lumbering interests to be satisfied with the present excellent price of lakeshore lots and dispose of by sale the lakeshore where the value lies? Or must they continue to hold these lots until their lumbering operation is concluded. If they persist in this latter course it would seem obvious that they are holding these lands for speculation under the faked cloak of lumbering operations. If these same lumbermen refrained from cutting on a strip of land around our lakes say 100 or 200 feet in depth, their loss in timber would not be extreme, and at the same time in their present well wooded condition they would have much greater attraction to the prospective cottagers. Mind, these same cottagers, if and when they are able to acquire these lots, will not object to the increased assessment. So why in the name of all that is reasonable, do they not accept such a suggestion. In so doing they will not be suffering any great loss themselves, but will make available to the municipality in which thely reside and in which they should have some desire to better, a great increase in taxes which will not only ease the burden of taxation against the average taxpayer, but will also decrease the mill rate so that they themselves will have their taxes lowered on their remaining timber holdings.

Of course, lumbermen are funny. They apparently want to be alone. No strangers around while they are working. Or so it would seem. They always give the excuse that opening up the lakeshore to cottagers would increase the fire hazard. This is a myth. In all the time we have been in Haliburton we have never heard of a bush fire having started as the result of a cottage burning. Indeed the reverse is true. Every cottager on a lake, because of his investment in his cottage, is just as anxious as the lumberman to keep a weather eye peeled for smoke, and they would without asking become fire wardens of the very best kind. We agree that campers are responsible for a considerable percentage of fires, but neither the lumbermen or anyone else can control campers on our lakes. However, the number of campers would decrease if the lakeshores were well populated by cottagers.

Finallly we wish once more to point out that we have no fight with the lumbering indusry, so long as they concede to an equitable assessment of ALL lands in the Municipality. If the cottager on Lake Kashagawigamog is willing to have his property assessed on a foot frontage basis, then all lakes having such desirable property should also be assessed on a foot frontage basis. It will of course be the duty and obligation of the assessor to estimate the relative value of the lakeshores on the various lakes and assess them according to their accessibility, electrc service, telephone, roads, etc. Our greatest desire is to see that assesment is fair to all, and that sufficient taxes are raised ti enable the Municipality to carry on its progressive work of improvement to our Municipal services.

WILBERFORCE

The regular meeting of the Wilberforce Home and School group was held in the school here Oct. 4th.

The meeting opened by singing "O Canada". We were pleased to see so many present on such a wet night.

The principal, Mr. Burkholder, B. Sc. was introduced to the members and visitors.

It was decided the next meeting should be held November 14th.

Mrs. Floyd tTighe gave the Treasurer's report after which followed a talk by Mr. Stevens on the importance of cleanliness, for good health and the necessity of good wholesome food.

Mrs. McBride spoke on Using the Classroom film to aid both the teacher and pupil in their studies.

A film "Wheat Farming" was shown which was very interesting.

Free pamphlets were given out on different subjects of interest to both the home and school.

Mrs. Stevens entertained with a piano selection.

The meetng adjourned and lunch was served.

Rudolph Valentino received more fan mail than any other movie star before or since his time.

County Community Page

Many programs of expansion and alteration have taken place throughout Haliburton County in recent months as the merchants, ever alert to improving their shopping facilities, are keeping in step with the general trend of improvements . . . District residents are becoming more and more conscious of the advantage of shopping in their community, too. Not only is it convenient, but the quality of the merchandise available right here at home is the equal of that obtainable elsewhere. Anything and everything can be bought in this trading area where practically every phase of business life is represented . . . Community merchants take great pride in their community and endeavour to bring about all the improvements necessary to give their customers the best in shopping satisfaction, both as to merchandise and shopping service . . . "Shop locally" may be the slogan of the merchants, but it is much more than that. It is an invitation and a bit of wise counsel for the residents to patronize their merchants and at the same time to take advantage of the excellent services being offered close to home.

Public School Field Day Held At West Guilford

Despite the gloominess of the day the Public School Field Day held at West Guilford on Friday was a great success. The meet was very well attended and all the ented as well as the ungraded ones graded schools were well repres-

Rebecca Harrison of the Donald School walked away with the Cup for the most outstanding girl athlete. She won 18 points, winning firsts in all events.

Charlie Brohm, also of the Donald School, won the Cup as the most outstanding athlete in the day's events, winning firsts in four events and seconds in two others. He scored 16 points.

With these two champions, the Donald School took the Shield for Ungrade dSchools, with flying colours. This shield was formerly held by the West Guilford School.

Over sixty people enjoyed the delicious chicken dinner at noon which was served in the West Guilford School Auditorium by the Christian Guild of the Village. These ladies also had a refreshment booth which did a thriving business throughout the day. At the close of events a supper luncheon was well attended.

All in all the Field Day was a great success and Rev. John Kerr who was chairman, is to be congratulated on the splendid manner in which the events were run off. Great credit is also due to the many willing helpers who kept score for the events during the day.

Following is a list of events with winners, second and thirds.

Legend — Haliburton (H); Donald (D); West Guilford (WG); Eagle Lake (EL) and #4 Dysart. They appear in order, 1st, 2nd and third respectively.

Boys Sr. High Jump (Graded) — Frank Hodgson (H); Jack Roberts (H); Austin Garjarow (WG).

Boys Sr. High Jump (Ungraded)— Charlie Brohm (D); Lloyd Wilson (D); Harry McElwain (D).

Goys Sr. Broad Jump (Graded) — Frank Barjarow (WG); Austin Barjarow (WG); Frank Hodgson, (H).

Boys Sr. Broad Jump (ungraded)— Charlie Brohm (D); Jack Gurke (#4 Dysart); Ron Pasquino (D).

Boys Sr. Shot Put (Graded) — Leon Jones (WG); Oswald Argali (WG); Austin Barjarow (WG).

Boys Sr. Shot Put (ungraded) — Don Clement (#4 Dysart); Charlie Grohm (D); Jack Burke #4 Dysart).

Sr. 50 Yd. Dash (Graded) — Lewis Hodgson (H); Austin Barjarow (WG); George Gekabons (H).

Boys 50 yd. Dash (ungraded) — Challie Brohm (D); Harry McElwain (D); Ron Pasquino (D).

Sr. 100 Yard Dash (Graded) — Austin Barjarow (WG); Lewis Hodgson (H); Frank Hodgson (H).

Canada's First Bank . . . WORKING WITH CANADIANS IN EVERY WALK OF LIFE SINCE 1817

RENDEZVOUS
by ELIZABETH

Last week belonged to the Schools . . . why?. Well, a High School Field Day on Wednesday a Public School Field Day on Friday a Public School Board meeting on Tuesday evening and High School meeting on Friday evening.

The High School certainly picked a beautiful day for their meet, although judging from the "swell time the kids had at West Guilford that "misty, moisty morning" and afternoon, the weather should not count. There is no doubt the powers that be are to be commended for holding these Field Meets.

You should certainly take out a membership in the Haliburton County Tourist Assn. Judging from the talk at the executve meeting of that body, the Tourist Assn. is really aiming high this year. Not only that, but we're going to be selling membershins after the 15h of November. We'll see you then.

xxxx

Things are shaping up nicely for a real successful Rummage Sale this Saturday. Yes, it's the IDK Club's Sale at the Highlander Hotel, Haliburton on Saturday afternoon. In fact, it is reported that the Club has such a splendid selection of goods for sale it is unable to include its regular sale of Home Baking. Pay you to pop in and see "what's for sale" and buy!

xxxx

Tourists who came to the County for the Maple Leaf week end were not disappointed. Fortunately the majority of them arrived on Saturday, a beautiful day, before the heavy rain on Sunday.

xxxx

With the correcting of sanitary conditions at the High School, perhaps the Haliburton Rotary Club will be able to complete the much talked of "Swimming Pool" for the kiddies next Spring. There is some street chatter rumored about river contaminaton from the Parsonage and W. R. Curry's home . . . seems to us that the MOH shoul investigate and either stop the talk or the contamination. Let's see the job completed. It will be something to brag about from an all important HEALTH standpoint as well as an economics one. The problem of supplying and buying "A tested ice would also be solved.

xxxx

Just in case anyone has forgotten, Haiburton Village still boasts a Ski Club. Guess it is high time we called a meeting of that important organization before the first snow falls. Or are we rushing the season on that one?

xxxx

We hear the gentleman from the Dept. of Planning & Development will probably be in Minden on the 17th of October. Bet the Dysart Reeve will have to call a special meeting of his Council on the 17th or thereabouts, too.

xxxx

We trust Lloyd Coneybeare of Coneybear Motors didn't lose his sense of humour when he erected a sign over his tea room over an old building foundation, "Dew-Drop-Inn."

xxxx

Reports from visiting and local hunters this past week end were to the effect that "Partridge season opened with a BANG."

DEFINING A LAKE

The name "lake comes from the Latin **lacus**, also meaning basin or tank. That study of the subject called limnology is perhaps the youngest of the sciences for it is little more than half- century old. The father of limnology, Professor Francois Alphonse Forel, of Switzerland defined a lake as a mass of still water situated in a depression of the ground wihtout direct communication with the sea . . .

In America a small lake is usually a pond, but the distnction is indefinate. While many lakes are less than a mile across, I once camped in Alberta on the shores of a splendid oval body of water eighteen miles long called Gull Pond. . . . .

Elsewhere in the world lake names are phonetically appropriated. The natives in Central Africa called their vast inland seas nyanzas, a majestic title for Victoria Nyanza, the second most extensive body of fresh water in the world. There is also a barbaric ring in the Mongol Nor of Tengri Nor,, and the Kirhsis Kul in Issyk- Kul, those queer lakes of Central Asia The Irish loughs and the Scottish lochs are distinctive, as are the English meres and waters in such landscape favourites as Windermere or Durwentwater. The English also favor calling diminutive lakes tarns or pools, more colorful than simple "ponds."

Many lakes deserve recognition apart from size. Nettilling, in desolate Baffin Land, is sc~~ miles long, yet few white men have ever seen it, while even wandering Eskimos visit it rarely. How unimportant it seems compared wih tiny Walden Pond, where Thoreau withdrew from the world to meditate upon the follies of society, although Nettilling could engulf a thousand Walden Ponds.

—::—

Babe Ruth's longest home run was hit off Howard Ehmke on June 13, 1921, at the polo grounds in New York. The ball travelled 460 feet in the air.

H. S. HIGHLIGHTS

The initial Field Day held jointly by the High Schools of Minden, Haliburton and Kinmount on Wednesday last was a tremendous success.

Margaret Hodgson of Haliburton and Robert Bishop also of Haliburton walked away with top honours as the most outstanding athletes in the County. Both these students held the largest number of points in their respective categories. Robert Bishop, who entered in 8 events took a first in seven of these with a second in the other event.

The fact that the weather was exceptionally fine added consider ably to the success of the day.

Much credit is due the three Principals Bud Thayer; Clarence McInerery and Bill Hart and they are to be congratulated on this most wholesome day of sport.

Gratitude hould (be expressed to those public minded citizens who willingly cooperated.

The following results of all events held during the day were supplied by the newspaper staff of the High School Highlights column a weekly feature in the COUNTY NEWS.

MINDEN

Mr. Charles Graham, of Hamilton visited in Minden last week-end with Mrs. Henry Graham, whose late husband was a Cousin of Mr. C. Graham.

Mr Graham was accompanied by his daughter and son-in-law Mr. and E.R. Murray and sons, who drove the aged gentleman to his old familiar haunts, at Ingoldsby where his father had a saw mill and store He remembered the Narrows and the favourite spots where he played as a lad 73 years ago. They also visited at the farm of Mr. Isaac Pitello, where his uncle lived and his father had helped to erect a barn there, which is still in good condition.

They were all favourably impressed with Minden and district, and expect to return for a vacaion next summer.

While in the Village, they were Cozy Cabin's guests.

Mr. Flann of Toronto is relieving at the Bank of Commerce, as the manager while Mr. Smithers is on vacation.

Miss Nellie Ferguson of the staff is home on sick leave—at present.

Mr. and Mrs. James Smith recently returned from a week's vacation through the U S.A.

Mr. Ken Lewis is on vacation in Toronto.

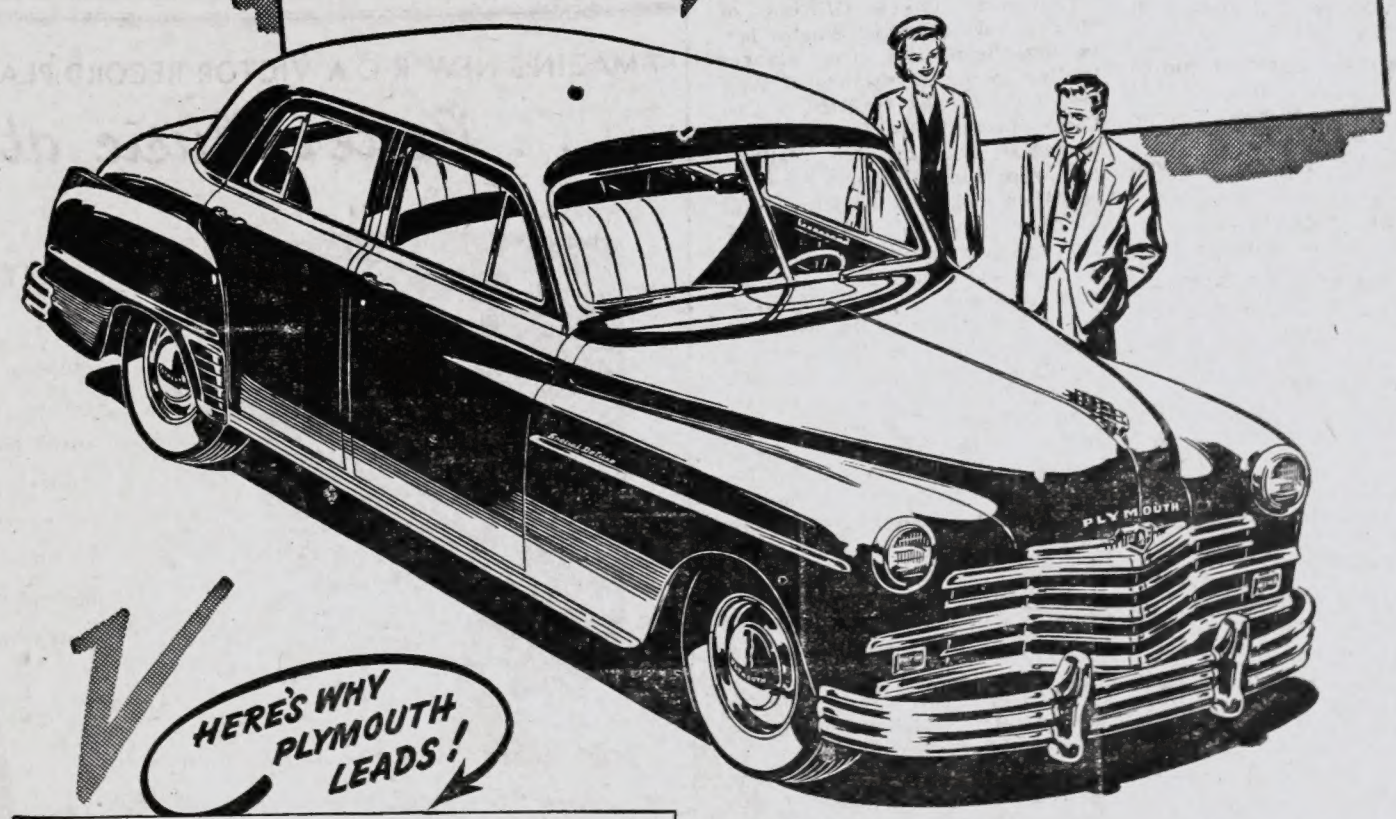
PLYMOUTH LEADS in Value!



HERE'S WHY PLYMOUTH LEADS!

PLYMOUTH QUALITY CHART										
All these features are STANDARD equipment on Plymouth	97 Horsepower Or Higher	Automatic Electric Choke	Automatic Ignition Key Starting	4 Rings Per Piston	Low-Pressure Tires (Standard)	Full-Pressure Engine Lubrication	Oil Bath Air Cleaner (Standard)	Floating-Type Oil Intake	Hotchkiss Drive	Chain Camshaft Drive
Low-priced PLYMOUTH	YES	YES	YES	YES	YES	YES	YES	YES	YES	YES
Low-priced Car "A"	YES	NO	NO	YES	NO	YES	YES	NO	YES	NO
Low-priced Car "B"	NO	NO	NO	NO	YES	NO	NO	NO	NO	NO

Plymouth is built in Canada **BY CHRYSLER!**

THERE'S ONLY ONE WAY to judge car value, and that is—*check and compare!*

The Quality Chart at the left shows only 10 of the many VALUE features that are STANDARD on Plymouth. Owners of Plymouth have enjoyed most of these features for years, yet only now are *some* of them being made available on either car "A" or car "B".

Plymouth likes to be compared

But this is only *part* of the PLYMOUTH VALUE story! Your Chrysler-Plymouth-Fargo dealer has a complete Quality Chart which compares all three low-priced cars with *higher-priced* cars. Check this chart—you'll see that out of 21 quality features found in higher-priced cars, *PLYMOUTH has 20*—car "A" has 13, car "B" has 4.

Yes! "PLYMOUTH likes to be compared"—for VALUE!

YOU MAY SEE THE BIG-VALUE PLYMOUTH, THE ELEGANT NEW CHRYSLER AND THE MONEY-SAVING FARGO TRUCKS AT—

PERSONALS

Mr and Mrs Ron Curry of Haliburton left on Monday for a two week holiday. They will attend a meeting of Automotive Dealers Federation in Ottawa and will then be joined by Mr and Mrs Fred Jones of Haliburton when the party will continue to the Adirondacks and Virginia Beach.

Mr. Claude Brown's new home looks pretty nice now—also Mr. and Mrs. Bill Prentice's cozy looking Cottage, building up a new street

Miss Beulah Walker of the Haliburton Outpost staff spent tbe Thanksgiving week end with friends in Donald.

Mr and Mrs Gordon Kennedy of Haliburton are receiving congratulations of their many friends in the village following the birth of their son at the Red Cross Hospital in Haliburton. Both mother and babe are doing well and expect to be home soon.

POLICE COURT

Magistrate A. E. Gee of Lindsay held circuit court in Minden on Thursday last and the following cases were heard.

Bernard Sisson, of West Guilford charged with careless driving, was dismissed.

Walter Sawyer of Minden, was convicted of a breach of the Highway Traffic Act in that he failed to give half the road and was responsible for an accident.

W. Hargrieve, charged with careless driving which resulted in the eath of Robert Delve, was to have had a preliminary hearing before his worship. His case was further remanded for a period of two weeks at the request of his attorney.

POLICE INVESTIGATING CAUSE OF INJURY

Provincial Police Officers of Minden were called on Sunday last to investigate the circumstanecs leading to the admittance of William Lyle to the Haliburton Red Cross Hospital. Mr. Lytle was attended by Dr. Carroll of Haliburton, who found him in a stupified condition and with the left side of his face badly swollen and bruised. He told a confused and varying story to the police, who were unable to come to any conclusion as to how the man received the injuries to his face. He was without funds and was charged with vagrancy.

Mr. Lytle, whose home is near Woodville, had been until recently employed by the Hay Lumber Co.

Police advised that further investigation is being made in this case.

BRUCE HIGGINS FINGERS BADLY LACERATED AT J. HODGSON & SONS

While in the employ of J. Hodgson & Sons, Haliburton, Bruce Higgins of Haliburton suffered a very painful injury while working on the 'shaper.' He had the misfortune to badly lacerate two fingers on the left hand. At first it was thought that one of the fingers would have to be amputated, but Dr. Carroll, who treated him, was able to save it. He will be laid up for several weeks as a result of the accident.

USE THE CLASSIFIED

22 RIFLE BACKFIRES BURNING BOY'S EYE BADLY

James Irwin, 16, a summer resident at Kushog Lake, suffered an unfortunate accident last Saturday when a 22 rifle he was firing backfired and burned his right eye. The Irwin family of Oshawa were making their last trip of the season to their cottage four miles above Ox Narrows and James and his brother were target practising when the rather ancient barrel loading single shot 22 miscarried and backfired. The injured boy was rushed by boat to Shangri Lodge and thence by car to Minden. Dr. Jamieson was not available at the moment and the boy was ushed to Haliburton where he was treated by Dr. L. H. Carroll.

DISLOCATES SHOULDER TWICE IN SAME7 WEEK

Mr. Albert McColl of Wilberforce had a very bad week. He had to be treated on two separate occasions for dislocation of his shoulder, in each instance at the Red Cross Outpost.

TIP OF INDEX FINGER AMPUTATED WEDNESDAY

Bryant Sisson of West Guilford, suffered an injury on Wednesday last while in the employ of Hay & Co. at Kennesis Lake. An amputation of the tip of his index finger was necessary, at the Haliburton Outpost.

In making steel balls for anti-friction bearngs at SKF Industries measurements must be so exact that each ball must come within "one-quarter of one ten-thousandth" of an inch of being an absolute'y perfect sphere.

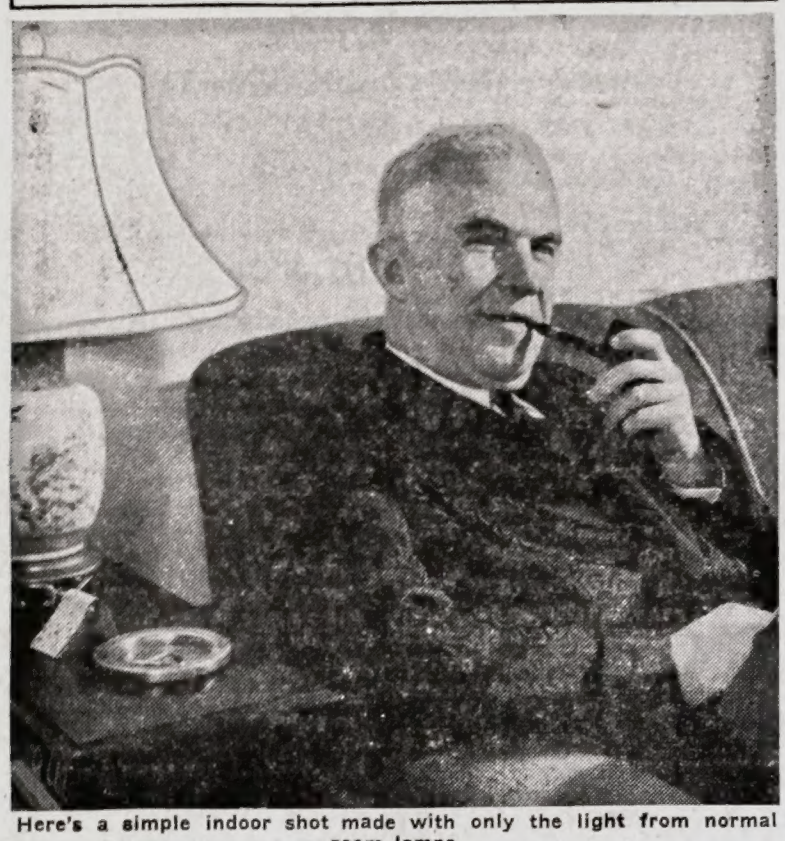
The SNAPSHOT GUILD



Here's a simple indoor shot made with only the light from normal room lamps.

Indoors by Room Light

ONE of the easier ways of making informal pictures of people indoors is by using your everyday room lamps and a brief time exposure.

Since reading lamps or lamps of similar type are far less bright than floodlights or flashlamps, exposures of as long as two seconds may be required for shots made this way. As a result, the method is rarely practical when you are picturing youngsters or pets. With adults, however, it's possible to get excellent pictures in this manner.

Generally, in pictures such as today's, two or three lamps should be used so the wattage of the bulbs totals 200 watts. These should be placed quite close to your subject—two or three feet away. It's wise, too, to place them so that the light falls on both sides of your subject's face lest one side be in dark shadow.

Using this type of lighting and fast film, you'll want to use about two seconds exposure with most box-type cameras. With adjustable cameras and fast film, exposure will depend on the lens aperture. At f/11 an exposure of one second is needed; at f/8 one-half second; and at f/3.5 one-tenth of a second. Naturally you'll want to use the largest lens opening possible since the shorter the time of exposure the less likely it is that your subject will move.

However, when working at large apertures for close-ups, be sure you focus with extreme care. You'll remember from previous columns that you have little "depth of field" in such cases, so measure camera-to-subject distance. Be careful, too, that your lighting is arranged so that no lamp shines directly into the camera.

The "next look" lines of the 1950 Studebaker passenger cars are readily discernible in this four-door Champion sedan. In addition to the advanced styling by Raymond Loewy Associates, there is new riding comfort resulting from Studebaker's self-stabilizing coil spring front suspension. Luxurious interiors and maximum passenger space characterize all Studebaker models.

LOCHLIN

Mr and Mrs Cecil Burk and family were visitors in Lndsay on Tuesday

Miss Blanche Minaker of Toronto spent the week end at her home here.

Miss Marjorie Gilroy of Toronto visited at the home of Mrs. Orville Hicks over the week end.

Miss Lois Hill of Toronto and Miss Betty Hill of Oshawa spent the week end with their parents Mr and Mrs H Hill.

Mr and Mrs Charles Roberts of Haliburton spent a few days recently with relatives here.

On Saturday evening a large crowd gathered at the home of Mr and Mrs. Warner Casey for a real old fashioned barn dance in their new barn. A very enjoyable time was enjoyed by all. ,

Mrs. Weldon McPhail and little son of Toronto are holidaying at the home of her parents Mr. and Mrs. Walter Harrison.

Mr John Drury and daughter Ethel of Lindsay spent Sunday at the home of Mr and Mrs Bert Hicks.

Mr. and Mrs. Richard Milburn of Colert were Sunday guests of Mr. and Mrs Russel Burke.

Mr and Mrs Cecil Bond of Hamilton were week end guests of Mr and Mrs Archie Brown.

Mr and Mrs Tom Nye and Tommy and Mr. and Mrs. R. Nye and son of Dunsford spent Sunday at the home of Mr and Mrs A. Brown

Messrs Fred Hicks, Reg Hicks, and Russell Burk were busines visitoms in Toronto on Friday.

Mr and Mrs Chas Ferguson and Mr and Mrs Les Wagstaff of Lindsay spent Thanksgiving with Mr and Mrs Harold Hill.

Mr and Mrs Robert Bick and family of Lindsay spent the week end with Mr and Mrs Harvey Minaker.

Quite a number of ladies from here attended the W.A. Rally held at Minden on Wednesday afternoon

In addition to Great Britain, traffic moves on the left side of the road in Sweden, Ireland and India.

MUNICIPALITY
Anson, Hindon & Minden

BY-LAW NO. 88

That By-Law No. 88 being a By-Lay for the purpose of stopping up and closing part of road allowonce along East Shore of Twelve Mile Lake from the South boundary of side road at Twelve Mile Church through Lots 14 and 13, concession 11, to South boundary of lot 13, in the Township of Minden excepting where it is now used as Highway 35.

AND WHEREAS nobody will be predjudicially affected by closing of said road allowance.

THEREFORE The Municipal Council of the Municipality of Anson, Hindon and Minden enacts as follows:

THAT THE ROAD ALLOWANCE on East shore of Twelve Mile Lake beginning at South boundary of side road at Twelve Mile Church and running South along shore of Twelve Mile Lake through lots 14 and 13, in the 11th concession to South boundary of lot 13, concession 11, in the Township of Minden save and except where it is now used as Highway 35, be stopped and closed.

ANL THAT the Reeve and Clerk of the Municipality of the Townships of Anson, Hindon and Minden are hereby empowered to lease or sell such portion of said road allowance from and after passing of this By-Law.

AND FURTHER take notice that before the final passing of said By-Law that the Council will hear in the village of Minden on November 10th, 1949 at the hour of 1.30 p.m. any person or his counsel, solicitor or agent who claims to be predjudicially affected by the said By1-Law and who Applies to be heard.

being read a first and second time this 15th. day of September, 1949.

Edward Sedgwick, Reeve
Fred B. Wright, Clerk

FUNERALS

ANNIE LOUCKS

* * *

The entire community was saddened on Friday evening, Sept. 30 when t was learned that Annie Loucks daughter of the late Mr and Mrs Elias Loucks had passed away at the home of her son, Vinton.

Mrs. Loucks had been in poor health for several years but had been confined to her room only two weeks when she passed away from a heart attack.

The deceased had lived her entire life at Ingoldsby in Minden Twp. having been born on the Vincent homestead 71 years ago. Fifty wo years ago she married Albert Loucks and moved to the farm where she passed away. Her husband predeceased her 26 years ago.

For many years she was president of the Women's Associaton of Ingoldsby United Chuch, of which she was a life time member and for which she worked unceasingly as long as heath permitted. Many of the friends who called to pay their last respects spoke of her kindness to them when they were in any trouble. This loving thought was evpressed by the many floral tnbutes which were received.

She is survived by two daughters and three sons, Lillian (Mrs. Will Dugan) of Lochlin; Madeline (Mrs E Wagg) Sudbury; Vinton at Ingoldsby Morgan of Toronto and Mervin of Aurora. She is also survived by two sisters Mrs Frank Cook (Mabel) of Beaverton and Ms. Wilbert Archer (Flossie) of Blackstick; and one brother Mr. Thomas H. Vincent of Ardath Sask.

After a short service at her home on Monay Oct. 3 the remains were taken to the United Church Ingoldsby for service conducted by Rev. Thomas Rutherford of Haliburton assisted by Rev. Gordon Smythe of Toronto a recent pastor.

Mrs Roy Aberle and Mr. Ernest Wagg sang 'The Saviour for me.' She was borne to the family plot in Ingoldsby Cemetery by six grandsons; Carl and Ross Dugan; Albert Orie and Roy Loucks and Dave Burk. Friends and relatives were present from Orangeville Greenwood; Whitby; Richmond Hill; Lornville; Beaverton; Aurora; Sudbury; Lindsay; Elmira; Toronto; Bowmanville; Blackstock and Haliburton.

PERSONALS

Misses Susan Chapman and Joan Ncol spent the Thanksgiving week end at ther respective homes in Haliburton. They are students at has returned from a holiday in Toronto.

Miss Patsy Perrin of St. Joseph's Academy, Lindsay, spent the week end at the home of her parenth Mr and Mrs Al Perrin. She had as her guest, Gar Norman of Cobourg.

Mr and Mrs Jack Kikhope of Toronto and small grand daughter spent the week esd at their cottage on Wigamog Lake.

Mr. J. Weekes of Toronto spent the week end at his cottake on Twelve Mile Lake.

Mr. Bom Hart of DeLeSalle College spent the week end with his father, Mr. Doug Hart, Haliburton.

Mr. Frank Andison of Boice Motors was a holiday visitor to Toronto last week.

Mr. Frank Welch of Minden was a business visitor in Ottawa and Montreal last week.

Dr. John Speck and family of Cooksville spent the Thanksgiving week end at their cottage on Drag Lake.

Oscar Yarnold of Hamilton spent the week end viciting relatives in Haliburton. Mrs. Oscar Yarnold is spending a two week vacation, accompanied by daughters Christine Carnochan and Margaret at the home of her mother, Mrs. M. R. Nicol, Haliburton.

Mr Vance English of New Toronto spent the Thanksgiving week end visitng friends and relatives in Haliburton.

Mr and Mrs Len Phillips and son Stephen of Peterboro spent the week end at the home of Mr and Mrs Ed Hunter, Haliburton.

Miss Anna Hodgson of Toronto spent the week end at the home of her parents, Mr and Mrs Clayton Hodgson, Haliburton.

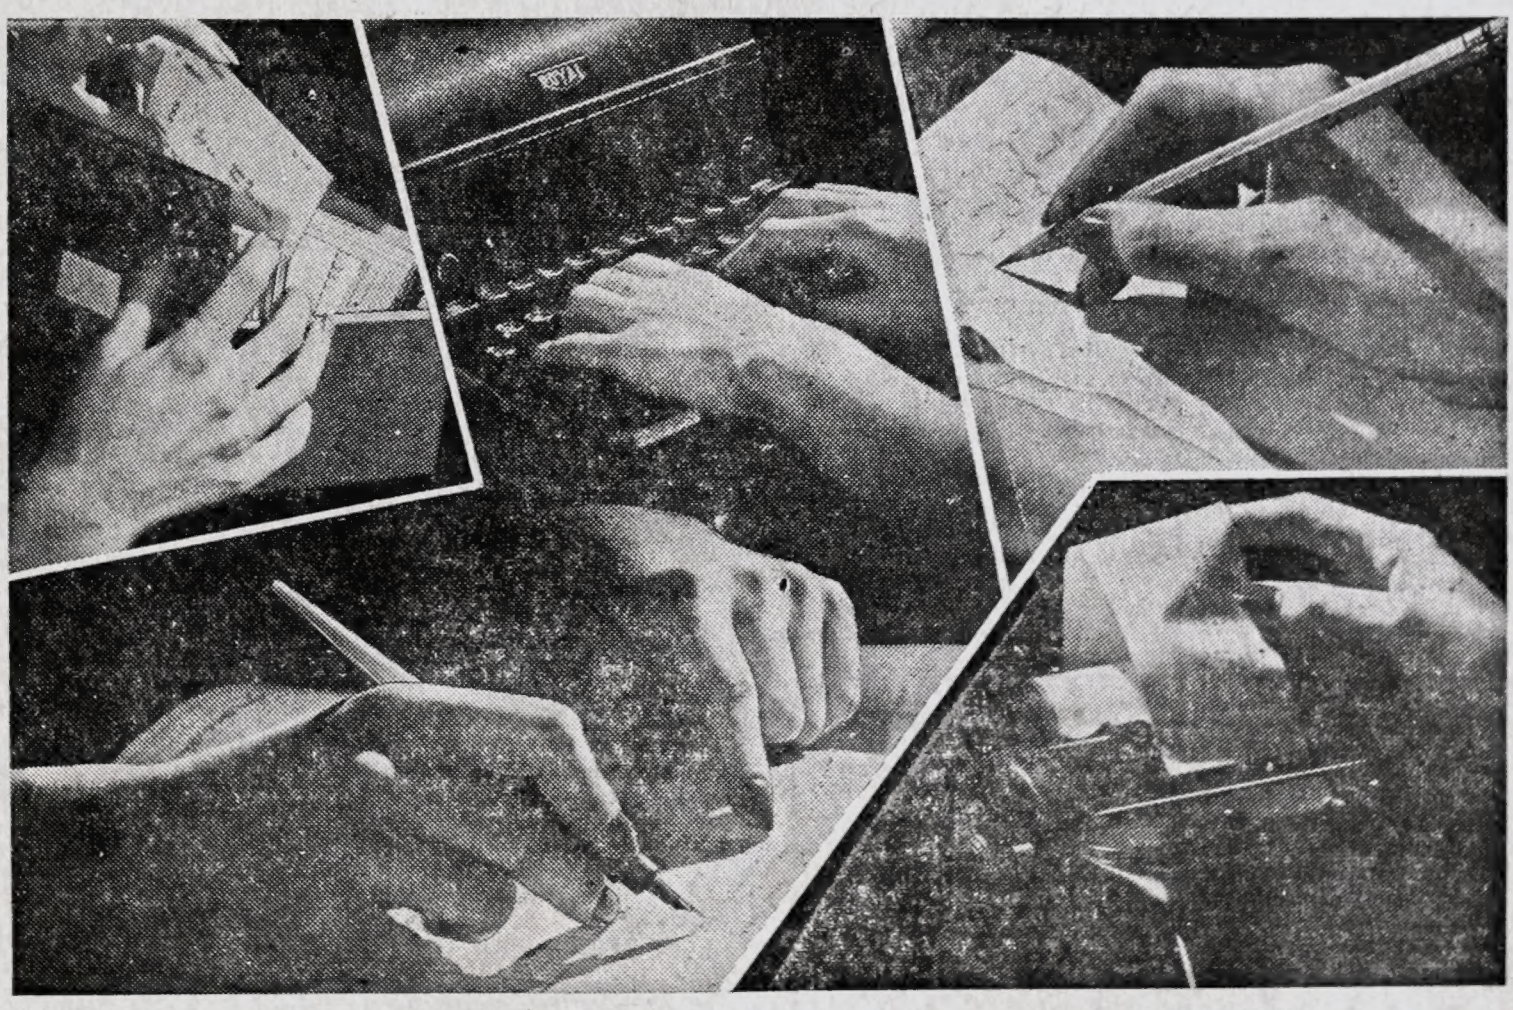
HANDS IN TRAINING...FOR ONTARIO



Learning Business Practice

IN Ontario the wheels of industry turn for the benefit of every single one of us. Our lathes, dynamos, drill presses, farm combines, tractors, business machines, etc. are producing goods and services which earn dollars. These dollars provide food, clothing, medical care and other necessities which contribute to our security and high standard of living. Every single one of us, therefore, has a very personal interest in the flow of a steady supply of trained workers to industrial plants. These workers will operate machines which are important to our way of life.

We should appreciate, then, the co-operative efforts of government, industry and labour in the field of employee training. In schools and in factories our workers, young and old, are given the opportunity to develop new and specific skills in every field of business and industrial activity. For instance, every effort on the part of office workers to become proficient in typing, filing, shorthand and secretarial work, will mean greater business efficiency—will help to make Ontario a finer place in which to live and work.

Our Way of Life Rewards Trained Hands

Ontario workers know they can earn more, have executive responsibility and enjoy a higher standard of living in direct ratio to the skills they acquire and the way they make use of them. That's always true in a free economy —that's why our competitive system will continue to make Canada great and a great place in which to live.

THE BREWING INDUSTRY ONTARIO

THE BREWING INDUSTRY (ONTARIO)

'Which Twin' Question Brings FTC Action

That insistent and ubiquitous question. "Which twin has the Toni?" finally aroused such curiosity at the Federal Trade Commission that an investigation was launched to see whether either twin had a Toni and if so, how she got it.

The search disclosed the ads were right. One twin had a Toni; the other had a professional permanent wave. But the catch is the Toni twin was given her wave by a professional operator who also styled the hair in an elaborate coiffure.

This is no surprise to veteran users of home permanents since they know the final step in waving leaves one looking like a wet woolly lamb and what happens from that moment on depends entirely on the skill with which one wields a bobby pin.

These "twin" advertisements, tthe commission concluded, have a double meaning. By omitting to state that the wave is given by a professional the inference is that it is given by an amateur or by the twin herself.

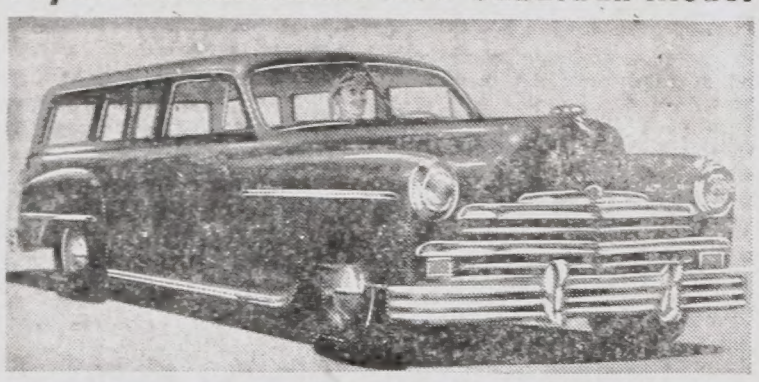
Further, the FTC charged, ads comparing a $15 professional wave with a $2 Toni Wave kit are misleading because the cost of the professional wave includes a hair set whereas the cost of the Toni does not.

This, the commission said, is misrepresentation and told the company it would have to take the kinks out of its advertising, which it has promised to do.

One fact is definitely established you do not have to be a twin to have a Toni.

On five pages of a current magazine Mary Martin, singing star of the Broadway hit "South Pacific", demonstrates for all time that it is possible to give oneself a home wave. She is pictured giving herself her 21st permanent.

Plymouth Announces New Suburban Model



Pictured here is the new Plymouth De Luxe All-Metal Suburban. It features a spacious interior that can be adjusted to suit various types of loads. With both seats in position it provides comfortable seating for 6 passengers and a cargo space of 40 cubic feet. If more space is required for delivery use, the driver can fold away the rear seat and the Suburban then provides room for three passengers and has a cargo space of over 84 cubic feet.

CARE AND COURTESY SAFETY CAMPAIGN POPULAR SLOGAN

The atom bombs dropped on Japan caused less damage to life, and far less damage to property, than the world's highway accidents cost every year. In Ontario last year 750 Persons died and 14,970 were injured in road and highway accidents Property damage figures were astronomical. This year traffic accident death and injury figures to date are one- third higher than those for the corresponding period last year. In an endeavour to offset this appalling wastage of life and property the Kiwanis Safety Campaign, by offering big prizes as incentive, hopes to make all road and highway users more safety conscious and more considerate of others. Sponsored in Thorold and district by the Kiwanis Club of Thorold Inc. the campaign is province-wide and is comprised of competitions for each of the various types of road and highway users. The "Care and Courtesy" Competition for motorists is already under way, and the drivers of vehicles "wearing" the 1949 Kiwanis Safety Emblem are eligiable to win a new car or one of the many other valuable prizes to be awarded the best drivers in Ontario.

More traffiic passes up and down the Detroit River than through any other waterway in the world

Local adminstration in Denmark is to a great extent entrusted to the municipalities, but is subject to a certain measure of supervision by the state.
